Mr. President, LB 274 was a bill introduced by Senator Higgins. (Read.) The bill was read on January 14. It was referred to Public Health and Welfare. The bill was advanced to General File, Mr. President. There are committee amendments pending by the Public Health and Welfare Committee.

SPEAKER CLARK PRESIDING

SENATOR CLARK: Senator Fenger, on the amendments, committee amendments.

SENATOR FENGER: Senator Clark, the committee amendments on LB 274 merely defines who can be appointed as a receiver by the District Court. I would call the Body's attention to the fact that there is an amended committee statement changing the word as, a - s, to be, b - e. The change was necessary to carry out the intent of the committee. I would move the adoption of the committee amendments at this time.
